PRESIDENTS REPORT...

IMPORTANT NOTICE FROM THE PRESIDENT TO ALL MEMBERS!

Firstly, let me say "Welcome back"! Our first competition is nearly upon us since Covid and we are so excited. It's hard to believe that we have not been able to see each other since March! Which brings me to my next statement... COVID REGULATIONS! Please read carefully below as to what the mandatory requirements are for Entry and Exit to EGCC competitions.

You must all be aware of the current covid regulations...

Please refer to EQ or government advice as per the latest updates. As we have posted on the EGCC website and Facebook page – there is an APP through Nominate (Please ensure you have downloaded the latest one). This app can be downloaded onto any smart phone and YOU MUST SCAN THE QR CODE AT THE FRONT GATE PRIOR TO ENTERING. The QR code will be printed and attached to the gate along with hand sanitizer which you MUST use prior to opening and closing the gate. This APP allows you to check in, and you can enter the people that you have with you. This is to avoid multiple people getting out at the gate and having to scan the QR code, but please note that you MUST list EVERY SINGLE person you have with you. Be that children, grandparents, strappers.... EVERYONE! Please ensure that you do not block the entry to the gate and get this process done in a timely manner.

If for some reason you cannot download the APP, please come and see me so that you can manually fill in a form for yourself and those attending with you. ** PLEASE BRING YOUR OWN PEN** This process must be attended within 30 minutes of your arrival to the grounds (Yes, the government have strict time limits that these records must be done by). I will also be collecting your horse health declarations and again, they MUST be handed in, no exceptions and we don't want to have to call you over the loudspeaker. Just send one person to hand in your horse health declaration, easy! 😊 (Again, hand sanitizer will be available – it will be placed at multiple points around the grounds). Please remember that it is most important to sign out upon leaving the grounds, this is again done through the APP so please remember to do this as we do not want to go into lockdown again.

Please do the right thing and follow this advice!

**Jenny Dyson Holland
EGCC President**

HELP WANTED

NOW, ONTO A VERY SERIOUS AND SOMEWHAT DISAPPOINTING NOTE:

We have posted on our Facebook page a cry for help. Yes, help with the leadup to the wonderful EGCC competitions that we run. We are specifically looking for people to step up and come on board with the show jumping subcommittee.

Members may be unaware, but at present we have just ONE PERSON doing all of the work – this includes the programming, checking entries through Equipe, looking after and securing sponsors, posting sponsors logos, organizing judges, booking coffee and food vans, just one person!!

We feel that the programs are of top standard and the prize money is great, the awards are terrific! But unless we have members putting their hands up to help – we can confirm this will not be continuing next year.

Bec will hate having her name mentioned, but she has done such an awesome job with trying to hold down a full-time job, ride her own horses and do everything she has done for the club. This is simply just too much for one person so unless we have more than one lovely person, unfortunately show jumping competitions will be no more. **NO MORE INTERSCHOOLS, NO MORE LEADERBOARD AND SADLY... NO MORE SHOWJUMPING!!** Not to mention.... god forbid, no club!! 😞

Members, this is your club! And I just cannot believe we have had no one volunteer to help out, especially given that the club has given you all 12 months free membership. I am just hoping that this is because you are all unaware of what is involved but, unfortunately, the competitions do not run themselves.

We just need some fairly tech savvy people who can learn Equipe, use Facebook to be our sponsorship person so that we can promote their business through our EGCC Facebook page. People who are willing to take direction and be part of a team with us and this great club. At the very most a couple of hours of work here and there, but it must be shared.

Thanks to our talented photographers for their time and effort in attending our events. Look at some of their beautiful work and be sure to support them by buying some gorgeous photos at our next event!

A reminder to all riders...please do not screenshot and post photographs that our photographers have taken. Do the right thing and purchase a photo if you want it, and support these lovely girls so that they are able to continue attending our events snapping gorgeous photos of you with your beautiful horses.
